

Maziar Lalezary, M.D.

CURRICULUM VITAE

Current Address: 36949 Cook St, Suite 101, Palm Desert CA 92211
Office Phone: 760.340.2394
Email: MLalezary@DesertRetina.com

EMPLOYMENT:

2012-Present Southern California Desert Retina Consultants, Vitreo-Retinal Surgeon

EDUCATION:

2010-2012 Vitreo-Retinal Surgical Fellowship, Vanderbilt Eye Institute, Nashville, TN
2007-2010 Ophthalmology Residency, Vanderbilt Eye Institute, Nashville, TN
2006-2007 Transitional Internship, Harbor-UCLA County Hospital, Los Angeles, CA
2002-2006 Doctor of Medicine, UC San Diego School of Medicine, La Jolla, CA
1998-2002 Bachelor of Science (*Summa Cum Laude*), Neuroscience (Honors), UCLA

HONORS/ACHIEVEMENTS:

2011 Gass Fellowship Award, Vanderbilt Eye Institute
2010 Resident Research Paper Award, Vanderbilt Eye Institute
2010 Advocacy Ambassador to AAO Mid-Year Forum
2008 Outstanding Oculoplastics Resident Award, Vanderbilt Eye Institute
2006 ARVO/NEI Travel Grant Recipient
2006 UCSD School of Medicine, 3 Clinical and 5 Course Honors
2005 Medical Spanish Certificate of Proficiency, UCSD
2003 National Institute of Health (NIH) Summer Research Fellowship Grant
2003 Persian-American Alavi Scholarship, Alavi Foundation of New York
2002 Graduation Honors and Research Thesis, UCLA Department of Neuroscience
2002 Graduation Honors, UCLA College of Letters and Science
2002 Phi Beta Kappa Society
2002 Mortar Board National Senior Honor Society, Chairperson
2002 Golden Key National Honor Society, Advisory Board Member
2002 National Dean's List, Inductee/published biography
2001 Neuroscience Undergraduate Society, Co-Founder/Chairperson

LANGUAGES:

English

Farsi (Native language)

Spanish (Medical Spanish Certificate of Proficiency, UCSD 2005)

LICENSURE/CERTIFICATIONS:

2012-Present	Diplomate of the American Board of Ophthalmology
2012-Present	California Medical License
2010-Present	Drug Enforcement Administration (DEA) Registration
2010-2012	Tennessee Medical License (Retired)
2006-Present	Basic Life Support Certification

ACTIVITIES/LEADERSHIP:

2011-Present	American Society of Retinal Surgeons, member/meeting participant, film committee member/judge (2013)
2006-Present April, 2010	American Academy of Ophthalmology, member/meeting participant Representative of TNAO and Vanderbilt Eye Institute as Advocacy Ambassador at AAO Mid-Year Forum
2007-2012	Tennessee Academy of Ophthalmology (TNAO), Young Ophthalmologist Section, Representative (2009), Co-Chair (Current)
2007-2012	Tennessee Medical Association, member; Nashville Academy of Ophthalmology, active member; Nashville Academy of Medicine, member
2003-2006	UCSD Student-Run Free Clinic Project, Baker Elementary School
2004-2005	Doctors Ought to Care (DOC), Alcohol Program Coordinator; Doctors Ought to Care (DOC), Tobacco Program Participant

CURRENT RESEARCH:

Principal Investigator: PREVENT: Prophylactic Ranibizumab for Exudative age-related macular degeneration (AMD) in Vulnerable Eyes with Nonexudative AMD Trial. A multicenter, randomized, single-masked, controlled, investigator sponsored Phase I/II study of subjects with high-risk nonexudative AMD treated with quarterly intravitreal ranibizumab for prophylaxis of exudative AMD.

Sub-Investigator: DRRCR Protocol T: A Comparative Effectiveness Study of Intravitreal Aflibercept, Bevacizumab, and Ranibizumab for Diabetic Macular Edema conducted by the Diabetic Retinopathy Clinical Research Network (DRRCRnet). National Eye Institute (NEI), National Institutes of Health (NIH), Department of Health and Human Services.

Sub-Investigator: The Safety and Efficacy Assessment Treatment Trials of Emixustat Hydrochloride (S.E.A.T.L.E.), A Phase 2b/3 Multicenter, Randomized, Double-Masked, Dose-Ranging Study Comparing the Efficacy and Safety of Emixustat Hydrochloride (ACU-4429) with Placebo for the Treatment of Geographic Atrophy Associated with Dry Age-Related Macular Degeneration.

Sub-Investigator: The EVEN Study: Intravitreal aflibercept injections for the treatment of submacular vascularized pigment epithelial detachment.

Sub-Investigator: VISTA DME: A Double-Masked Randomized, Active-Controlled, Phase 3 Study of the Efficacy and Safety of Intravitreal Administration of VEGF Trap-Eye in Patients with Diabetic Macular Edema

Sub-Investigator: VIBRANT: A Double-Masked, Randomized, Active-Controlled Study of the Efficacy, Safety, and Tolerability of Intravitreal Administration of VEGF Trap-Eye (Intravitreal Aflibercept Injection [IAI] in Patients with Macular Edema Secondary to Branch Vein Occlusion

Sub-Investigator: A prospective, randomized, placebo-controlled, double blind clinical trial to evaluate the risk of development or progression of diabetic retinopathy with EGRIFTA (tesamorelin for injection) when administered to HIV-infected subjects with abdominal lipohypertrophy and concomitant diabetes.

Sub-Investigator: PROVE Study, Prospective Retinal and Optic Nerve Vitrectomy Evaluation. Investigator involved in design and recruitment of this prospective clinical trial aiming to analyze the optic nerve fiber layer and macular changes following pars plana vitrectomy. Poster presentation at 2011 ASRS Meeting and speaker presentation at 2012 ASRS Meeting. <http://clinicaltrials.gov/ct2/show/NCT01162356>
